

Basel 3 Pillar 3
NBS decree 16/2014
and Part Eight of Regulation (EU) No. 575/2013
Disclosure as at 30 September 2020

CONTENTS

1. INTRODUCTION	3
2. REQUIREMENTS ACCORDING TO THE NATIONAL BANK OF SLOVAKIA DECREE 16/2014 AS AMENDED.....	4
3. REQUIREMENTS UNDER PART EIGHT OF REGULATION (EU) NO 575/2013 (THE CRR)	17
4. DECLARATION OF THE MANAGER RESPONSIBLE FOR PREPARING THE COMPANY'S FINANCIAL REPORTS	19

1. Introduction

The purpose of the Third pillar of Basel 3, “market discipline”, is to complement the minimum capital requirements (Pillar 1) and the supervisory review process (Pillar 2), by encouraging market discipline through the development of a set of disclosure requirements that will allow market participants to assess key pieces of information on the scope of application, regulatory capital, risk exposures, risk assessment processes, and therefore the capital adequacy of the institution. Such disclosures have particular relevance under the new framework introduced by Basel 3, where reliance on internal methodologies gives banks more discretion in assessing capital requirements.

The procedures to be adopted by Slovak banks or banking groups when disclosing information (referred to in brief as Pillar 3) to the public have been laid down by the National Bank of Slovakia Decree 16/2014. This document includes the disclosures set by the Regulation (EU) no. 575/2013 of the European Parliament and of the Council.

All amounts, unless otherwise indicated, are presented in thousands of euro (‘€’). Negative values are presented in brackets.

Disclosures that do not contain any information because they do not apply to the VUB Group are not published.

The VUB Group publishes this disclosure (Basel 3 Pillar 3) and subsequent updates on its Internet site at the address www.vub.sk.

2. Requirements according to the National Bank of Slovakia Decree 16/2014 as amended

2.1 Information about VUB Group

Všeobecná úverová banka, a.s. ('the Bank' or 'VUB') provides retail and commercial banking services. The Bank is domiciled in the Slovak Republic with its registered office at Mlynské nivy 1, 829 90 Bratislava 25 and has the identification number (IČO) 313 20 155.

The consolidated financial statements comprise the Bank and its subsidiaries (together referred to as 'the VUB Group' or 'the Group') and the Group's interest in associates and joint ventures (please refer to section 3 for detailed description of companies included in the consolidation).

3. Requirements under Part Eight of Regulation (EU) No 575/2013 (the CRR)

Leverage Ratio disclosure according Commission Implementing Regulation (EU) No 2016/200 of 15 February 2016 and Part Eight of Regulation (EU) No 575/2013 (the CRR)

Under the Basel 3 prudential regulations, the Leverage ratio entered definitively into effect on 1 January 2015. The Leverage ratio measures the degree to which Tier 1 Capital covers the bank's total exposure. The ratio is calculated by considering off-balance sheet exposures and assets. The objective of the indicator is to contain the degree of indebtedness on banks' accounts by establishing a minimum level of coverage of exposures with equity. The ratio, which is monitored by the authorities, is expressed in percent form and is subject to a regulatory minimum threshold of 3% (the Basel Committee's reference value).

The Leverage Ratio is calculated quarterly. The indicator is monitored at both the individual and consolidated level. The Leverage ratio is calculated as the ratio of Tier 1 Capital to total exposure. Focusing on the denominator of the ratio, total exposure includes on-balance sheet exposures, net of any components deducted from Tier 1 Capital, and off-balance sheet exposures. The disclosure of the Leverage ratio is presented in accordance with the regulatory principles of the CRR and set out according to the provisions of (EU) Implementing Regulation 2016/200. The ratio is expressed in percent form and is subject to the regulatory minimum threshold of 3% (the Basel Committee reference value).

Own funds disclosure template according Commission Implementing Regulation (EU) No 1423/2013 of 20 December 2013 and Part Eight of Regulation (EU) No 575/2013 (the CRR)

Own funds, risk-weighted assets and the capital ratios are calculated according to the harmonised rules and regulations for banks and investment companies contained in Directive 2013/36/EU ('CRD IV') and in CRR regulation of 26 June 2013, which transpose the banking supervision standards defined by the Basel Committee (the Basel 3 Framework) to European Union laws.

This regulatory framework requires that Own Funds (or regulatory capital) are made up of the following tiers of capital:

- Tier 1 capital, in turn composed of:
 - Common Equity Tier 1 Capital (CET1);
 - Additional Tier 1 Capital (AT1);
- Tier 2 Capital (T2)

Tier 1 capital is mainly composed of equity instruments:

share capital, share premium, retained earnings without net profit for the period, other reserves, accumulated other comprehensive income, fair value gains and losses arising from the bank's own credit risk related to derivative liabilities, other transitional adjustments to CET1 capital, CET1 capital elements or deductions — other, negative items are goodwill and intangible assets. In order to be eligible for Common Equity, the equity instruments issued must guarantee absorption of losses on going concern and only where they are available to the institution for unrestricted and immediate use to cover risks or losses as soon as these occur.

Tier 2 capital is mainly composed of: IRB excess of provisions over expected losses eligible, subordinated debt, other transitional adjustments to T2 Capital.

Liquidity coverage ratio (LCR) disclosure according to NBS decree 16/2014 as amended, §1 section 2g) are included in Attachment no.1.
